To: Prof. Anatoly Aleksandrov
Rector of Bauman Moscow State Technical University
5, 2nd Baumanskaya str., Moscow, 105005, Russia

Date: 24 March 2015

Dear Prof. Aleksandrov,

The Organizing Committee of the International Workshop on Advanced Ground Penetrating Radar (IWAGPR) agrees to consider the bid of Bauman Moscow State Technical University to host our next meeting in 2017.

Bauman Moscow State Technical University is well-known in our scientific community for its research on holographic subsurface radars due to the works of the Remote Sensing Laboratory. I have personally visited your University a few times during joint international projects, and willing to support your proposal.

I kindly ask your approval to commission Dr. Sergey Ivashov and Dr. Andrey Zhuravlev to bid on behalf of Bauman Moscow State Technical University during the 8th IWAGPR to be held July 7-10, 2015 in Florence, Italy. Dr. Ivashov is a member of the current IWAGPR'15 Scientific Committee and his presentation will be warmly accepted by other committee members.

Sincerely,
Prof. Lorenzo CAPINERI
General Conference Chair of IWAGPR'15
